Why Summit Ridge Group?

More than industry specialists, we are well-recognized industry experts. Lower small firm overhead allows us to invest in deeper industry knowledge and financial training than would be possible at our larger competitors.

Small enough to have senior-level attention throughout every client engagement. Large enough to have the resources (trained junior personnel, well-documented internal processes and procedures, industry and financial databases, cybersecurity, etc.) to responsibly handle large and/or highly sensitive client matters.

Our industry and financial valuation experts are the same professionals. Single experienced team brings the firm's full coordinated expertise, historical experiences, and diverse perspectives to bear on every client matter.

Greater actual and perceived independence because we don't have auditing or banking relationships. Moreover, Summit Ridge Group's size also naturally limits potential conflicts.
